

CHV-MP200-AU

VAV- ACTUATOR FOR TELLUS-VAV

VAV- control unit complete with air velocity sensor for pressure-independent VAV- applications.

- Air velocities: 0.5 ... 6 m/s
- Control: DC 0/2 ... 10 V / MP-Bus
- Feedback: Volume / Position DC 0/2 ... 10 V
- Integration in bus systems
- DDC controller with MP interface
- Fan Optimiser systems
- Gateway for LON / Modbus / KNX /– . ..with integrated temperature sensor
- With additional connection option for active sensors and switches
- Connection of the Service and PC-Tool
